

Celebrating International Women's Day 2015

Since Newgen has always celebrated every occasion with much zest, International Women's Day 2015 was no exception. Newgen Women's Forum invited all Newgenites to join the celebration, which included activities such as - 'A minute to win it' games and Ad Quizzes.

The session began by giving a rose and a chocolate to every female employee, as a gesture to celebrate womanhood. It was overwhelming to see our male colleagues also participate very enthusiastically in the celebrations. The participants actively took part in the fun games like 'blowing the candle', 'glass stacking' and 'balloon sketching'. They also dedicated songs/ poems to the special women in their lives.

The highlights of the event included gifts for all winners, a cake to mark the celebration, special snacks and exceptional performances by the employees.
