

## Newgen Digital Discovery Paathshala

During the winter break, Newgen's CSR organized a 15 day workshop of Newgen Digital Discovery Paathshala, with the VIth Std girls of Government Girls Senior Secondary School, Harkesh Nagar Okhla, which commenced from 4th January and lasted till 15th January 2016.

The facilitator explained to the students how to switch on the I-pad, identify the web browser icon, use the keypad to type the name of the search engine, open the Wikipedia page and converting the page into Hindi language ,as the children were comfortable with Hindi. The session was conducted taking their Social Science syllabus as the baseline and searching the topics and enhancing their knowledge on the same.

The children were given various keywords to be searched on i-pads. During these sessions, children were asked to search various keywords on Wikipedia, and an impromptu quiz would be held related to information on the given page, which the kids had to read in front of the entire class.

The two week special winter workshop was a great success. At the end of this two week workshop it has been concluded that all the children who were a part of the workshop are now easily able to search the Keywords given to them and they have become proficient with the usage of i-pads .They are becoming enthusiastic day by day to learn new things on the i-pad and are now able to retain their social studies lesson .The session has also enhanced their reading skills inculcated spirit of team work in them , have enhanced their confidence and made them believe that boring facts and figures of History can also be very interesting when digitized.
