

Word of mouth from students of I AM sessions

Deepak

(Formerly working at SIS Prosegur as a customer care representative)

“Through I AM sessions I have been able to gain a lot of confidence that I used to lack before. I now know how to carry myself and how to talk to people; also I am able to tackle the problems that I face in my day to day life. Time management and being participative are also part of my learning after attending the sessions regularly”.

Akshay

(Presently perusing B.Com from NEILETS)

“After attending these sessions for a year I am now able to solve the problems that I face in my day to day life and feel more confident compared to what I was prior attending these sessions. I also find a change in my personality and my nature has also changed; now I have become friendlier. Through these sessions I am able to think on a wider span in terms of my educational prospective”.

Shivam

(Presently working as an Arts teacher at a private school)

“These sessions are the reason for change in my personality: I have now become friendlier, do not hesitate in taking in public or to strangers and have also been able to decide my educational perspective on my own. Over all I have become a happier person”.

Rohit

(Presently perusing B.Com)

“I Am sessions have helped me build upon my confidence level and also I have been able to overcome my fear of facing new people. I have now been able to develop my leadership qualities and am now able to confidently speak in public. I want to thank I AM and Sadbhavna for my overall development”.
