

## Assessment Time @Soami Nagar Model School

After the successful completion of sessions for standards 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> on topics- Components of food, inside our earth and Microbes - friends and foes respectively, Newgen's CSR team conducted a test to evaluate students' understanding of the same.

The test comprised both subjective and multiple choice questions and was outlined taking NCERT syllabus as the baseline.

It gives us immense joy to state how well the students of class 6<sup>th</sup> have performed - 1% of the total students secured the highest marks, 15 % secured above 50% and 20% of the students scored below 50%. However, the performance of students of standards 7<sup>th</sup> and 8<sup>th</sup> was not up to the mark due to complexity of the topics.

It has been noted that regular digital sessions have made a positive impact on the students as they are able to absorb and retain knowledge better.

**Join us in our endeavor to digitally empower the Young Minds !**
